Borough Preparing for Clean-Up

Annual Spring Drive Here Next Week

Are you looking for a good investment—that will require no outlay of money, but that will pay you the biggest and most worthwhile dividends? Dividends in—Health—your own, your family's, your neighbor's and your friend's Protection from disease.

Security from fire—which means, not only lower insurance rates, but the safety of yourself and your family and the preservation of your property.

If dividends of this character mean as much to you as the kind that come from stocks and other financial investments, then prepare to join with the borough authorities in Clean-up Week, which will be observed from May 4 to May 9.

There used to be a time when people imagined that disease and disaster were visited upon the human race by "evil gods," who desired for certain reasons to punish certain groups and nations. In a way, that was plain, old-fashioned buncombe; but in another way it was plain, old-fashioned common sense! The "evil gods" existed, all right—and they exist today. The fallacy of the old idea was that these "gods" existed in weird and terrible forms that were half human and half something else that nobody ever saw, but everybody pictured in their frightened imaginations as being very terrifying.

Those "evil gods" still exist—yes, and right here in Narberth, but today we know that they take the form of uncleanness, trash, waste, stagnant water and various other unsanitary conditions, and what firemen and insurance brokers call "extra fire hazards."

To wipe out these "evil gods" wherever they exist in our borough, is the sole object of Clean-up Week.

To assist our citizens, the borough Government, working through the Highway Department, has arranged a special schedule of "clean-up collections." Street Commissioner Suplee will have extra men and additional vehicles to cart away the trash. Everything possible will be done to assist the individual household in making Clean-up Week the big success that it ought to be.

But at bottom it is a job for the individual citizen. It will, of course, mean a little extra work, but it is extra work that is well worth while. Go through your house—especially your cellar—and clean up everything that you don't need or want, and get the stuff ready for the clean-up collection. Old papers, rags, waste material of any kind that is of no value, but has a habit of accumulating even in the best regulated households, should be gathered together and put out for Clean-up Week.

Wherever possible cellars should be white-washed—a fresh coat of white-wash is good for the preservation of the walls of a cellar and equally good for the preservation of the health of the human beings who live within those walls.

Now, too, is the time to clean up lawns and gardens. Holes should be filled, and trash of all kinds gathered together and put in receptacles for the clean-up collections. Places where water can stagnate breed mosquitoes.

Get ready for Clean-up Week. Clean up—inside and outside the house. Let's make this 1925 clean up the best Narberth has had, and collect some of those dividends in health, protection from diseases and security from fires.

Form Partnership.

Mr. C. M. Beltz has admitted into partnership Mr. Chase B. Clipsham, in the management of the Narberth Carpet Company. Both men are residents of Brookhurst avenue.

Mr. Beltz, a wholesaler of carpets and rugs, opened a retail store at 103 Narberth avenue several weeks ago, to sell rugs, carpets, furniture and radio equipment. Mr. Clipsham is a partner also in the Blaine Clark Radio Laboratories at Elizabeth, N. J.

Depict Struggle Of Pioneers

Narberth Women Impersonate Colonial Dames

No woman citizen of Narberth can with reason still believe that the privilege of voting is the sum total of the accomplishments of women in the last century. The program presented by the Women's Community Club at their regular meeting last Tuesday showed conclusively that a great gain has been made not only in suffrage, but in many other lines as well; in education, in the professions, in the arts and in business. Another point brought out in this program was that, though women have had to struggle through many obstacles in order to obtain their normal rights, and in most cases have had to take the initiative in the movement, nevertheless they have many times been given valuable aid and assistance in this struggle by men who were as advanced in thought in the "new freedom" for women as were the women themselves.

A general resume of the status of women in the past days and in the present was given by Mrs. E. C. Batchelor and, as each tableau was presented, she explained its relation to the whole movement, thus giving a feeling of unity to the presentation of the subject.

Twenty-eight of the club women took part in the program, costuming themselves to represent their parts and sometimes speaking to explain the hardships under which their prototypes labored and the results which they finally accomplished. Mary Lyons, founder of Mt. Holyoke; Myra Bradwell, the first lawyer; Elizabeth Blackwell, the first physician; Florence Nightingale, the nurse of the Crimea; George Eliot, the writer; Rosa Bonheur, the artist, and Susan B. Anthony, the suffragist, were in the galaxy of women assembled to exemplify pioneering in the work of women, and to show that the pioneer spirit is still alive. Amy Lowell, the poet, and "Any Business Women" made an effective contribution to an explanation of the situation as it exists today.

Pride in the women of yesterday for what they accomplished and for what they planned, pride in the women of today for the manner in which they meet their inheritance, and pride in our local club women that they could visualize and interpret so sympathetically such a program was expressed in the generous applause given to the participants by the large audience present.

The program was in charge of Mrs. Henry A. Frye, dramatic chairman, who assembled the individual groups, and Mrs. LeRoy C. Douglass, active manager of the players and the properties. It was Mrs. Douglass who brought the program to the attention of the club and to her is due a large part of the credit for the success of the afternoon. Mrs. L. C. Trotter, with a quartet composed of herself, Mrs. J. C. Myers, Mrs. Madeline McCoy Riddle and Mrs. M. D. Moore, arranged the musical program, which furnished the background and further interpreted the scenes. This feature was one of the most delightful of the afternoon. Singing behind the scenes, music appropriated to each tableau their voices, beautifully blended, added an artistic effect difficult to excel.

The business of the afternoon included reports of progress from Mrs. E. H. Cockrill and her corps of assistants, concerning the booths for the Carnival, a discussion of the amendments to the constitution and by-laws of the club, and the election of officers. From the result of the balloting, the chair declared the following officers to be elected for the ensuing year: Mrs. H. A. Jacobs, president; Mrs. L. C. Douglass, vice president; Mrs. E. H. Cockrill, second vice president; Miss Margaretta Runyon, corresponding secretary; Mrs. C. A. Farmer, recording secretary, and Mrs. Joseph Hongler, treasurer.

Mrs. A. W. Burns was chairman of the hostess committee for the afternoon.

Territory Rule May Bar Gibson

Jefferies and Townsend Awarded to Narberth

The Main Line Baseball League will work under a closed territory rule with a courtesy exchange of players this year. This was the decision of the Executive Board of the league at a meeting held at the home of the newly elected president, Harry J. Mosteller, in Ardmore, Sunday.

At a previous meeting in Narberth an impasse resulted when the closed and open territory question advocates clashed. Four of the clubs voted for closed territory but the other two, Narberth and Ardmore, cast their ballots for open territory.

Narberth was the chief objector, fearing that it would lose some of its crack players if a strict closed territory rule was put through. Narberth was won over, however, when it was assured that it would be allowed to play Jack Jefferies, former Princeton star, who resides in Haverford, and Townsend, another ace who makes his home in Merion.

Under a strict closed district rule these would be barred as they live outside of the Narberth borough limits. Narberth, however, was deprived of the services of Bobbie Gibson, first-line pitcher, who lives in Philadelphia.

There is a great deal of resentment among baseball fans on the subject. Gibson has been a member of the Narberth team for many seasons and efforts are being made to have him admitted.

Narberth swung into line; Joe Cullinan's Ardmore Club, which held out for open territory, likewise switched and made the vote unanimous.

The rule is practically the same as last year. It means that no team may use a player who lives outside of the territory of the community it represents. In special cases a manager, with the approval of the Executive Board, may release a player to a rival club. An effort will be made to keep these releases down to a minimum.

The territory question settled, the board devoted its attention to schedules and to umpires. Applications from umpires are now being received. Anyone who feels the urge to ump is requested to get in touch with President Mosteller. A half-dozen arbitrators at least are wanted.

The league schedule and territory boundary lines for each club will be announced at the next meeting of the Executive Board, which will probably be held within the coming week.

Children's Costume Dance.

The women in charge of the Saturday morning dancing class are arranging a very entertaining exhibition for May 8 at 8 P. M. in the Community Club room. A new and satisfactory arrangement of seats will insure every one in the audience a good view of the performance. All the children—30 or more—will be in costume, as the committee has made or secured between 80 and 100 costumes. Miss Marjorie Carter, the dancing instructor, will give a solo dance. Admission 50 cents.

HOUSTON—KESMODEL

The marriage of Miss Katherine Marie Kesmodel to Mr. Laurence Robertson Houston took place in Baltimore Thursday.

The bride is the daughter of Mr. and Mrs. Edwin Martin Kesmodel, of Baltimore. Mr. Houston, who was president of the 1920 class at the Narberth High School, is the son of Mr. and Mrs. James R. Houston, of Wynnewood road.

The ceremony was performed at St. Mark's Lutheran Church, Baltimore. Mr. and Mrs. Houston, after a short honeymoon at Atlantic City, will reside in Baltimore.

McADAMS—REDIFER

Mr. and Mrs. A. Perry Redifer, of Shirley road, have announced the marriage of their daughter, Lillian Joanne, to Mr. Francis Farquhar McAdams, son of Mr. and Mrs. Francis M. McAdams, of Cynwyd, on Thursday, April 23.

Local Girl Scouts Aid in Concert

"Songs of Other Days" Successfully Rendered

Several hundred dollars were added to the Girl Scout camp and building funds by the Historical Concert "Songs of Other Days," held at the Lower Merion Junior High School, Ardmore, April 24, according to an announcement just made public by Miss Leslie Perkins, field director, District No. 8.

All troops on the Main Line took part, and the Scout spirit of co-operation and loyalty was noticeable throughout, according to the director of the performance, Mrs. Edith Hale, of Rosemont. The majority of the costumes were made by the girls themselves at special "sewing meetings," it is understood, and also all of the "powdered wigs" used by those in the Colonial scene.

"The Exercises of Last Day in a Country School," given by the girls of Narberth, Cynwyd, Ardmore and Mill Creek, easily carried the audience back to ante-bellum days with its quaint costumes and songs. "Scotland's Burning," sung by Elizabeth Terry, of Troop No. 8, Narberth, and the entire school, and "Maggie May," sung by Ella Ross, of the same troop, and the chorus stood out prominently, while "Billy Boy," sung by Evelyn Jefferis, of Troop No. 8, and Virginia Douglas, of the same troop; "Wait for the Wagon," sung by Rachel Miller and Alice Mann, of Troop No. 99, Gladwyn, and "The Mocking Bird," sung by Doreen Loder, a visiting English girl guide, now acting as lieutenant of the Gladwyn Troop, were close seconds.

Before each act there was a prologue given by Virginia Burgstresser, of Troop No. 8, Narberth.

A gift of \$500 to the Camp Fund also has just been made, it is announced, by Charles Custis Harrison, fourth winner of the Philadelphia award, from the \$10,000 he received last month for performing services of great value to the City of Philadelphia. The Philadelphia Council voted that the money be expended on some permanent additions to the camp buildings at Camp Tall Trees, at Media. The gift was made through Mrs. Charles C. Harrison, Jr., a member of the Main Line committee, whose daughter, Miss Ellen Harrison, is captain of Girl Scout Troop No. 99, at Gladwyn.

The Concert Committee was composed of the following members of the Main Line Committee of the Girl Scouts: Mrs. C. Duane Williams, chairman; Mrs. George G. Snowden, Mrs. Edith Hale, Mrs. William Dyer, Mrs. Victor I. Zelow, Miss Esther Hare, Miss Polly Newlins and Miss Leslie Perkins.

Mrs. Edith Hale directed the performance, assisted by Miss Leslie Perkins, field director, District No. 8.

Karnival Kintunes.

If you did not come to the carnival yesterday come today, and enjoy the pretty things, the good supper and the dancing. All those who had such a jolly time Friday will be coming today, of course. Bring the kiddies to meet Little Miss Muffet.

Who's not on a tuffet, But selling her trinkets all day; Just hunt in her pocket, You may find a locket, Or something with which you can play.

Little Garden Day Sale.

Prizes for the forthcoming planting competition in the schools have been offered by the following garden clubs:

Four Counties Garden Club. The Society of Little Gardens. The Gardeners. The Weeders.

It is hoped that many will be interested enough to enter the competition. Plants submitted will be on exhibition, and it is hoped the parents will come to see the work their children have done and buy plants to help carry out their ideas.

Set Spring Flower Show Date

Garden Club Plans Big Affair May 23

Last evening 15 Narberth gardeners met at the home of Miss Helen Shand and made plans to hold a regular Home Town Flower Show in Elm Hall.

The Spring Flower Show has been one of Narberth's main spring events in this town of a thousand homes and a thousand and one gardens for at least nine of the last 11 years and many of the original group are just as much if not more interested than they were 10 years ago.

Since Narberth has grown so large in the last few years and the interest in gardening in general is growing throughout the country it was agreed that we should hold at least one flower show each year and if at all possible to hold both a spring show for perennials and a fall show for dahlias and annual flowers and vegetables.

Weather conditions, of course, plays a big part in arranging a flower show in the spring and while a tentative date of May 23 has been set it may be necessary to change the date to May 30 if cool and cloudy weather prevails or to move the date up to May 16 if the next few weeks bring warm weather and sunshine.

The schedule of classes and prizes will be published in Our Town on May 16, and bulletins and posters will announce the date along Haverford avenue. The classes for children will be featured and substantial cash prizes have already been offered to encourage the younger ones to bring their flowers to the flower show.

This year, as in the past, the flower show will be for the gardeners of Narberth and hereabouts, a real Home Town Flower Show, just the flowers from your gardens in competition with the flowers from your neighbor's garden and the prizes will be ribbons. No professionals, just regular back-yard suburban gardeners.

Peonies, roses, climbers and hybrid teas, delphiniums, pyrethrums, sweet William, pinks, foxgloves, Canterbury bells and perhaps columbines and irises if they are late enough, or mayhap some Darwin tulips. Spring promises to be a bit fickle, but we are all in the same boat, or the same town, so that everything is even.

BASEBALL

First Game at Narberth This Afternoon.

The Narberth Baseball Club, under the leadership of Bill Crowell, will open the 1925 season Saturday, May 2, at the Narberth Ball Park. They will be opposed by the Quaker City Travelers of Philadelphia.

This club played here last year and gave our boys a hard battle.

Come out and see the first game. You may also see some new faces on the field this year. We understand Jimmie Keys, formerly of Wildwood, N. J., who is now living on Gordon avenue, will try for the Narberth team; also player by the name of Stewart, formerly with Swarthmore, who lives on the south side, will be on hand.

In an effort to raise the funds to buy equipment for the coming season, the members of the Narberth Ball Club are selling tickets for the award of a number of prizes.

These prizes have been donated by local merchants and the shares are being sold at 25 cents each or five for \$1. As extra prizes, the two team members selling the most tickets will receive special awards. The first prize is an \$8 glove, and the second a pair of tennis shoes.

C. H. Crane, Eversharp pencil; H. F. Cotter, basket of potatoes; Narberth Electric Shop, lamp; J. J. Cabrey, box of smokes; Arcadia Restaurant, large pie; H. E. Davis, box of cigars, William S. Howard, fountain pen; Henry and Compton, combination spigot; Cook brothers, bath room accessory; Narberth Fruit Store, large basket of fruit; Out Town, one-year subscription; Ray Weiss, inner tube; Narberth Coal Co., bag of bone meal; George Wieland, carton of camels.

School Tax Raised for 1925

Millage the Same. Per Capita Levy Up

A decision to make a five-fold increase in the per capita school tax and the selection of teachers for next year were the features of Monday's meeting of the school board.

All members were present. After the usual routine had been disposed of the matter of the tax rate for 1925 came up. It was decided that the millage be kept the same as in recent years—19 mills, but that an increase be made in the per capita tax.

This tax, which was first levied last year, has been \$1. It was increased Monday to \$5, the maximum allowed by law. Recent tendencies in taxing for school purposes, members of the board said, have been to increase the per capita tax to the limit rather than to make the millage higher.

In choosing the teaching staff for next year many of the present teachers were re-elected. Those chosen Monday night were:

Miss Nellie M. Wetherill. Miss Georgianna Fox. Miss Ethel V. Watts. Miss Sara E. Hoke. Miss Marjorie E. Holloway. Miss Florence M. Timlin. Miss Mary L. Hoover. Miss J. Florence McKay. Miss Miriam A. Jenkins. Miss Josephine E. Tyson. Miss A. Margaret Eckbert. Miss Mildred F. Jantzen. Miss Marjorie Church. Mr. Karl F. Oerlein. Miss Church and Mr. Oerlein both instruct in athletic work. Mr. Oerlein acts as coach of the boys' teams.

In addition to the re-election of the teachers named two new ones were chosen. They are Miss Florence R. Bishop and Miss Charlotte C. Eckfeldt, both of whom will instruct in the elementary grades.

The new members of the staff have been critic teachers at the West Chester State Normal School and come to Narberth highly recommended. Several other vacancies in the faculty will be filled at the next meeting of the school board. The increase in the number of students will make it necessary to add a new teacher to the junior high school staff.

The board voted to repeat the plan inaugurated last year, and to appropriate \$100 to each of three teachers to help pay the cost of a course in Columbia Summer School. Principal George H. Wilson will choose the teachers to go as he did last year.

All the teachers re-elected had their salaries automatically increased \$100 per year in accordance with the policy of the board, which was adopted last year. The salary schedule in the Junior High was amended to make the minimum scale \$1600 to \$2100 and the maximum \$2800. In the elementary school the salaries range from \$1500 to \$2000 per year.

Announcement was made that tax collector Raymond C. Jones had turned in all taxes for 1922 and 1923 and that very little remained to be collected in the 1924 list.

The board appropriated \$500 to the Narberth Community Library in recognition of the aid rendered to Narberth students in the local and Lower Merion schools. It was made a part of the gift that the money was to be spent only on books, etc., destined for school use.

In Philadelphia.

Do you like to dance? Of course you do, so phone Narberth 1221, ask for Mrs. Sibley and tell her you want tickets for the dance to be held at the Girard Craftsman Club, 2027 Chestnut street, Wednesday evening, May the 6th. Admission only \$1.00 per couple, or single admission, 50 cents. Real "jazzy" music, "no fooling."

Postponed.

The comedy entitled "The Colonel's Maid," which was to have been presented by the Epworth League Friday night, May 1, at Elm Hall, has been postponed until Thursday, May 14, at 8 P. M. Tickets, 50 cents.

DUMP TO GARDEN

Bring out the brass band! We are off! The work has started! Hurray for the Playground Commission! Hurray for the Y. M. C. A. directors! Three cheers for Borough Council! Four cheers for the Narberth Playground Association!

It was Monday morning bright and early that they started to clear the whole eight acres bounded by Wynnewood road, Windsor avenue, P. R. R. and the rear of Conway avenue and they have done a fine week's work.

A row of maple trees is already planted and growing along Windsor avenue and in a few weeks it will be—"Good-bye dump. Hello playground."

Those who made this greatest movement to Narberth possible are to be most highly commended, and back of it all is a fine spirit of community pride that is one of Narberth's greatest assets. A little slow sometimes, perhaps, but the spirit is there and great accomplishments are not consummated in a day.

The borough bought the ground, but we have the Y. M. C. A. directors to thank for the funds necessary to finish the job. What better purpose could their money be used for than to provide a place for our boys and girls to play in the sunshine. Supervision and training seems desirable and for this we can look to the school board.

WANTS DOGS CONFINED

To the Editor of Our Town:

The habit of allowing dogs to run at large is likely to lead to the disappearance of quite a few of Narberth pets in the near future, as several residents whose newly-made gardens have been ruined are planning to appeal to the police to enforce the State law, which prohibits dogs from running at large.

The threatened war on dogs is due to the fact that in a number of cases, after property owners have gone to the expense of having their places put in order by landscape gardeners, or who have done it themselves at infinite trouble, fertilizing, planting grass seed, lined out flower beds and put in plants (sometimes expensive ones) and seeds, they have found lawns and beds torn up by the four-footed marauders.

Owners of dogs are responsible for damage done by their pets, and unless the animals are kept on their own properties not only are they likely to fall into the dog catchers' net, but their owners will probably be called to pay some pretty bills.

BELLIGERENT.

Senior Luther League.

The topic to be discussed by the Senior Luther League on Sunday evening, May 3, will be, "How Can We Help to Make the Home Happy?" The discussion will be led by Rebecca Dawson and Raymond Maxwell. It is hoped that all the young people will consider this topic and come to the meeting prepared to help in the discussion.

NOTICE

Notice is hereby given that application has been made to the Public Service Commission of the Commonwealth of Pennsylvania, under the provisions of the Public Service Law, by Walter Rorer, trading as Narberth Taxi Cab Company, evidencing the Commission's requisite approval of the right and privilege of operating motor vehicles as a common carrier for the transportation of persons upon call and demand in Narberth, Montgomery county. A public hearing upon the aforesaid application will be held on Friday, May 15, 1925, Room 408, City Hall, Philadelphia, at 9 A. M. (Standard Time), when and where all persons in interest may appear and be heard if they so desire.

CHARLES B. WATTS.

Use May, while that you may,
For May has but his time;
But when all the fruit is gone, it is
Too late the tree to climb.

—RICHARD EDWARDS.

Then let us make hay while the sun shines, which reminds us that the lawn mower has already made it's third trip over. Perhaps this is not unusual for late April, but everything else in the garden is very unusually early.

Darwin tulips that should be blooming in mid-May are in color, peonies have buds that they would ordinarily have about May 15 in any normal season and everything else in the garden is about two to three weeks ahead of normal schedule. Spring 1925 will probably be as peculiar as that of 1924, but perhaps more satisfactorily so, except for those who schedule flower shows.

May is to most of us the busiest month in the garden, although except for cleaning up, planting annuals and bulbous plants and bedding plants the real busy time for building the garden should be September and October. The fall is the time to plant bulbs and perennials for spring bloom.

If we follow the seasons and not the calendar we will plant seeds of annuals and all of our principal vegetable crops when the maple trees start to leaf out. Later sowings, of course, must be made in order that we do not have all our crops at one time. Annual Gypsophila is a very satisfactory subject for arranging with other flowers, even more so than the perennial kind which blooms for a time in August, we must however, make successive sowings two weeks apart to have it when it is needed.

Here are a few good annuals for starting in early May, Annual Larkspur, light rose color 36," Phlox Drummondii, shell pink 15," same in primrose. Shirley Poppy, wild rose pink 24," Cosmos, extra early pink 60," Cosmos, late pink 72," Calendula, lemon king 12," Snapdragon tall, golden king 36," same rose, Alyssum, lilac queen 6" for edging. This list, with the exception of the Alyssum and the Cosmos can all be sown in the fall in a well-drained place if protected.

If you have but a dozen gladioli bulbs to plant, put three in each week in May so that you will have a succession of blooms, the average time of blooming is 100 days from planting. Their only requirement is a fairly good light soil and full sun. The gladioli is about the most satisfactory cut flower we have, for those who cut flowers in August.

A finely ground bone around the peonies and roses, lightly worked in and lots of water if the soil is well drained underneath and the blooms will be here within a few weeks. Roses should be watered in the morning, or rather the soil should be watered and the foliage sprayed with a good fungicide. Night watering makes mildew. Water the soil around delphiniums, but don't put cold Springfield on the foliage, rain water is tempered to the heat of the air while water out of the ground chills the plants too suddenly.

If there is any subject that might be of interest to all gardeners just write your suggestion on a post card to the Editor Garden Column.

There was a young lady named Astor,
Whose clothes fitted her like plaster,
When she happened to sneeze,
She felt a cool breeze,
And knew she had met with disaster.

NOTICE

To Highway and Sewer Contractors.
Separate Bids will be received by the Highway and Sewer Committee up to 7 P. M. (Standard Time) in Council Chamber, Narberth, on May 18, 1925, for

(a) Grading, gutter paving, laying water-bound and penetration Macadam. Total quantity approximately 38,000 square yards.

(b) For constructing approximately 6100 lineal feet of Vitrified Pipe Sewer together with necessary house connections carried out to the curb, and twenty-one (21) manholes.

Bids must be sealed, made on blanks furnished by the Engineers and accompanied by a certified check equal to two per cent. of the amount of the bid.

Plans and specifications may be seen at the Borough Hall, Narberth, or at the office of Albright and Mebus, 1502 Locust street, Philadelphia, Pa., or will be furnished upon the receipt of \$5.00, which will be refunded if the plans and specifications are promptly returned and in good condition.

The Borough reserves the right to reject any or all bids.

By order of the Committee,
WALTON M. WENTZ,
Chairman.

CLASSIFIED ADVERTISEMENTS

Minimum, 50 cents. Price, 2 cents a word. Three insertions for the price of two. Classified advertisements will be received by telephone from subscribers of the telephone company.

How One Man Provided

To my dear Wife:

The enclosed Life Insurance Policies I have taken out for you and the children; one is the Mortgage Policy for \$3000, which will leave our home to you and the kiddies free and clear.

You will also find two Education Trust Fund Policies which will enable the children to have the education we planned for them. There is also a Policy paying you \$190 per month until the children are self-supporting and then \$75 per month to you as long as you live.

With all my love,

YOUR DEVOTED HUSBAND.

THIS IS OUR BIRTHDAY

We are now 13 years old.
We came to Narberth on 3d of May, 1912.
Narberth was not the town then that it is now; in fact, it was just one-third its present size. So you see your town has grown.

The happy thought of our anniversary to us is that we have kept pace with the growth of the town and, regardless of the many new grocery stores that have come since our beginning, we have gone right along, successfully and happy. We count among our customers today many who were with us thirteen years ago.

We believe our effort to conduct an honest business is and has been appreciated by our many patrons.

ROBERT J. NASH

of Narberth, Addressed Realtor's Forum Wednesday.

Interesting addresses upon timely subjects were presented at the session of the forum of the Philadelphia Real Estate Board, held Wednesday evening in the auditorium of the board at Thirteenth and Locust streets. The speakers were Robert J. Nash of Narberth, secretary of the Board, who talked on "The Sale of Moderately Priced Homes," and Norman Hulme, the well-known architect, who gave an illustrated talk on "Colonial Architecture, Its Financial and Artistic Value Today."

Edgar G. Cross, of Cynwyd, was one of the special committee in charge of arrangements for the forum.

I rose and gave her my seat;
I could not let her stand—
She made me think of mother, with
That strap held in her hand.

If you had a two-family house, you wouldn't let half of it stand vacant, bringing you in nothing. But did you ever think of renting your coal bin for the Summer? The Heat Folks are in the market for empty coal bins, any size will do. Good rental gladly paid. If you buy your coal NOW, you can pocket the money it would cost us to store it until Fall. Prices are so much cheaper that you will realize an unusually large return on the space that would otherwise lay vacant. Here is a profit that is all velvet in addition to the satisfaction of being set for Winter time.

company becomes greater. He feels instinctively that an employer that is willing to see that his pleasure is heightened and increased, that his physical welfare is a source of official care by the company, is one worthy of everything he can give to it. His work is better, his mind is contented. He feels like turning out more work and better work, because athletics have put him on edge for just such labors.

Then there is the universality of the athletics that we encourage. The company is not simply tolerant of athletics, it is firmly and absolutely in favor of it. Indeed it might be said that the company is a bit compulsory in having its employees to indulge in some form of sport and recreation that will aid the men and women to have clearer minds and sounder bodies.

"The office force has its teams. The shops have their teams. The men in the various divisions of the traffic service have their own, too. Thus sport becomes general in its nature, and is not confined to any one division of employees. This gives no chance for one branch of the railroad to feel that it is being slighted, while another is favored."

AWAIT DISPLAY

of Miss Scott's Prize Horses With Keen Interest.

The horse show fraternity is anticipating with the keenest interest seeing the celebrated English hackneys of Miss Jean Brown Scott, of Strafford, formerly of Cynwyd, in competition with the best of the breed that America has to offer at the Devon Horse Show next month.

The famous hackneys, Charm, Knight Errant and Knight Templar—all three have been purchased by Miss Scott from the leading exhibitor of Scotland, William S. Miller, whose home is at Balmanno Castle, Bridge of Earn, and were the leading winners of England at the Olympic and other noted English shows.

Miss Scott will also show a new pair of English ponies that will make their American debut at Devon.

Never Through.

Inquisitive Young Daughter—"Papa, what do you do all day long at the office?"

Father (not paying much attention to the question, as he is busy reading the evening paper)—"Oh, nothing."

Daughter (not easily discouraged)—"Well, how do you know when you are through?"—Dallas News.

FIGHT ON JAP BEETLE NOW BEING ORGANIZED

Trained Biologist Touring Countryside to Save Gardens, Trees and Farms.

Philadelphia's Japanese beetle station, at 2017 Arch street, is preparing for the busiest season, since the beetle pest infested this country eight years ago. A corps of trained men, under the direction of an experienced biologist, are touring the suburbs and the countryside, beginning to make plans for the extermination of the beetles.

At the same time L. B. Smith, in charge of the experimentation station at Riverton, N. J., is preparing for the distribution of the tachina fly, an insect which feeds on the larvae of the beetle. Hundreds of thousands of thousands of these pest-riders have been imported from Japan, Korea and China, to prepare for the greatest fight that has ever been waged by the public against animal pests. Thousands of dollars, contributed by the farmers of Pennsylvania, Delaware and New Jersey, who have been losing large sums through the destructiveness of the beetles, will be used by the exterminators.

The life of the beetle, as traced by the biologist, begins about June 1, when the pest, after a winter in the ground, burrows its way to the top. Its means of locomotion are very limited, and the beetle cannot travel more than two miles in a day, unless with outside aid. Usually, the beetle never makes any attempt to travel any great distance. It eats its way into the bark or leaves of a tree, into ears of corn, or attaches itself to fruit.

The eggs of a beetle are laid in large masses, in sunny places, and the larvae takes form. This takes place about September 15, when the larvae or grub, begins to burrow its way into the earth. It stops when it reaches a depth of about a foot, and prepares to remain for the winter.

The spread of the area infested by the beetle pest has been laid to the motorists, who purchase vegetables and fruit, when driving along country roads. This is supposed to be the manner in which Montgomery Island, 150 miles from Philadelphia, in the Susquehanna River, was infested. Quarantines were enforced by the State police last year, and hundreds of baskets of fruit and vegetables were confiscated. The ire of the Sunday motorists was often aroused when the members of the State constabulary stopped and searched automobiles on the highways.

"The finest gardens in the suburbs are being jeopardized by the beetle," Dr. Rodney H. True, head of the botany department of the University of Pennsylvania, said. "We hope to keep the pests from the greenhouses, but we are not sure whether this can be accomplished. The beetles find their ways into the greenhouses on the clothes of the students and visitors, and through the open windows. Of course, we are taking the utmost precautions to prevent them from spreading and destroy our fine collection, but the results of our methods of precaution may not be successful."

SAYS COMPANY ATHLETICS IS GOOD WILL BOOSTER

W. B. Kraft, of Pennsylvania Railroad Praises Idea Highly.

Enthusiastic backing of athletics among their employees by big industrial corporations was highly praised by Mr. W. B. Kraft, auditor of the Pennsylvania Railroad, as an excellent creator of good will in an interview given this week.

Mr. Kraft who formerly resided in Cynwyd, but who now lives in Haverford, gave his views on the subject in a talk to "The Old Sport," city sports scribbler.

"At the outset let me say," said Auditor Kraft, "that it makes for contented employees. The company permits the baseball players, the basketball players, or those who are to participate in track athletics, extra time to themselves to train, and, in fact, insists that these employees take that time."

"If a man is good enough to make the ball team, he is expected to skip away in advance of his closing hour in order that he can practice sufficiently to enable him to warm up and get into the game in a proper physical and mental spirit."

"Now what is the result of this policy? Simply that the employee feels that the company is doing something for him, that it is interested in his welfare, that it believes in the ancient Greek idea of 'a sound mind in a sound body.'"

"Therefore, his loyalty to the

MILLIONS BEING PUT IN LOWER MERION REALTY

All Types of Improvements Included in Main Line Development.

Millions of dollars already have been invested in dwelling construction in Lower Merion township, west of Narberth, and present activity in the towns along the Main Line would indicate that many more millions are to be invested in such places as Bala-Cynwyd, Ardmore, Bryn Mawr, Haverford, Wayne, before the present program of builders in these parts is exhausted. All other types of improvements are included in the Main Line Developments.

Mr. J. H. Mecke, Jr., has just finished work on seven stores and offices in Ardmore and is starting an operation of five stores and offices in Bryn Mawr. He also is erecting a single house in Strafford, which will cost about \$80,000. This builder has plans under way for a million-dollar development in Ardmore, which will include a garage, stores and showrooms.

Dwellings are being built in and around Ardmore which sell at prices ranging from \$7,000 to upwards of \$100,000. It is understood Mr. John H. McClatchy is contemplating one of the largest residential operations ever attempted in Ardmore. Other builders prominent in the development of these sections are Ferguson & Ferguson, Don Peters, Andrew Calhoun, Frank Mahan, Burt Gain, Samuel Thornton and Charles S. Powell. J. D. Lengel and R. J. Morrison are doing considerable residential construction in Wayne.

An exceptionally pretty group of homes is being erected at Lancaster pike and Remington road on the old Simpson estate property. Architecturally the houses under way compare favorably with the finest in the suburbs. The development is known as Indian.

An idea of the tremendous amount of suburban building which will be completed this year can be obtained from the hundreds of new operations on which the preliminary work already is well under way. The extent of these new developments is remarkable when it is considered that in the last few years thousands of beautiful residences have been erected in suburban localities and many more thousands have been added to the city's list of new homes.

It is an easy matter, however, to realize why Philadelphia's suburbs, from a building viewpoint, are the envy of every other large city in the country. Building men in recent years have vied with each other for the most unique and practical in the way of types, with the result that this city now is hemmed in with the most attractive surroundings to be found anywhere in the world.

A trip out Garrett road, West Chester pike, the Lincoln Highway, Old York road or any of the prominent suburban highways, and the prospective home-owner is fairly dazzled by the veritable riot of color or display, and cannot help but be instantly impressed with the novel and substantial improvements. These new operations, when viewed from the hills on the outskirts of the city, give one the impression that he is gazing on countless toy villages.

The lavish use of stone, which in many instances stuccoed, is noticeable everywhere. This, with fancy brick, elaborate tilings, vari-colored roofs and the very latest in interior features, compose the bulk of suburban residential construction. It is a certainty that a buyer desiring to locate outside the city, no matter how critical he might be, will find with ease the home he is seeking.

CONSTANT REMINDERS

Waiters Are to Warn Patrons Against Over-Indulgence.

Waiters employed by members of the National Restaurant Association are instructed to warn patrons against over-eating and reckless indulgence in injudicious combinations of foods and beverages. In the association's code of ethics is a rule requiring that patrons shall not be permitted to select inappropriate combinations of foods and beverages without a diplomatic word of caution from the waiter or server.

And all the time some people have been thinking that restaurant-keepers cared only about the size of the check! As though the way to a man's heart were lined with banknotes to be plucked once and for all. But wasn't there a proverb or something that ran—he who eats and can walk away will live to eat another day?

The Most Popular Thing in Camp

Ask any man who has been in the Service and he will tell you that the "G. I." or galvanized iron can is the very centre of camp life because this is where the water is heated for cooking and cleaning.

Just so the bath tub is the centre of home life—that is, when it is connected to a satisfactory hot-water supply.

To keep men folks comfortable and happy either in camp or at home, hot water is necessary.

Install an Automatic Storage Gas Water Heater now and be assured of an unflinching hot water supply for all the years to come.

HAVERFORD ANNOUNCES
SCHOLARSHIP AWARDS

Four Fellowships Two to Harvard,
One to France, One to Berlin Given.

Scholarship awards for advanced study were announced as made to four Haverford Seniors this week. The Cope Fellowship, valued at \$700, and awarded annually by the College to a member of the Senior class for advanced study in an American or foreign university, has been made to Edward L. Gordy of Chambersburg, Pa. Gordy is the son of U. L. Gordy, Superintendent of Schools of Chambersburg, and has been a Corporation scholar during all of his four years, having consistently ranked among the first four men in his class. He plans to continue his studies at Harvard University.

Martin Echleman, of Denver, Pa., has received notification of his appointment to a fellowship in the University of Berlin. He is one of eight American college students to receive such an award. The award is made by the American-German Student Exchange Institute of International Education in New York city, and includes board, tuition and all expenses for one year beginning in September. Echleman will take up the study of the influence of German literature on English literature. The group of eight students selected included two women and six men, all being honor students in their respective institutions.

A similar exchange scholarship has been awarded to Durrell L. Lord, of White Plains, N. Y., for study in a French university. Lord has been assigned to continue his studies at the University of Bordeaux, and will take up the study of International Law. This award is made by the Franco-American Student Exchange of the Institute of International Education.

The fourth scholarship made known during the week is Austin Wright, of Bedford, Pa. It is a Harvard University scholarship of \$300, for advanced study in English Literature in the Graduate School of Arts and Sciences at Harvard University. The appointment is made by the faculty of Harvard University, and will be confirmed by the Corporation during the month of May.

The appointment of these four men to scholarships brings the list of Haverford Seniors who will go into advanced study upon receipt of their Bachelor's degree in June to 27 men, out of a class of 49. The remaining 22 men will go direct into business positions. The men who will go on with advanced study include seven who will go to medical school, seven who will take up advanced engineering courses, six who will continue the study of education, four who will study law, and two who will study for the ministry.

COUNTY COMMISSIONERS TO
DO OWN ROAD REPAIRING

Reject Contractor's Bids, Feeling
They Can Save \$15,000.

Feeling that they will effect a saving of at least \$15,000 a year to the taxpayers of Montgomery county, Commissioners Stout, Kellor and Crawford have decided to reject all bids received from the contractors for the maintenance of highways in the county. The commissioners have planned to do all of the repair work on the county roads under their own supervision.

In discussing the striking change of policy, President Stout declared "it is merely a case of making every dollar under our command for road work do its full duty. We have figured that we can save at least 20 per cent. in the cost of road maintenance this year under the new order of things, which will mean a fifth more road work in the county than was originally intended."

While all of the commissioners realize the added responsibility assumed, they say they are confident that their new policy will prove an important economic factor in the administration of county affairs. Dr. Rein Keelor, commissioner, stated they were thinking mainly in terms of real economics, which will mean much to the taxpayers and users of the roads.

The workers on the county roads will receive the same wages as paid by the contractors in the past, but the saving may be seen when it is considered that the county paid contractors from 50 to 60 cents an hour, where a man received 35 to 40 cents hourly.

While you were reading this, Henry Ford made \$10.

PICTURES ON PLAYING CARDS

Many Freak Packs Produced at
Various Periods.

Your pack of cards carries you right back to the days of the Crusaders by whom they were first introduced into Europe, says Pearson's. In those days a pack consisted of 78 cards—four suits of 14 cards, and 22 picture cards or trumps. The designs of these early cards were copied from chessmen. The pack of cards as we know it was the invention of a French knight named La Hire.

Many freak packs of cards have been produced at various times. The French Revolution set up figures of Moliere, La Fontaine, Voltaire and Rousseau as "Kings," and Prudence, Justice, Temperance and Fortitude as "Queens." In Frankfort a pack was made in 1815 in which the great Duke of Wellington appeared as the Knave of Diamonds, and General Blucher as the Knave of Clubs.

In the United States packs have been printed with Washington, Adams, Franklin and Lafayette as "Kings." One firm of card makers actually tried the experiment of printing green clubs and blue diamonds for the benefit of short-sighted players of card games.

For hundreds of years a pack of cards has been presented annually to every member present at the Master's Inaugural Banquet of the Card Makers' Company. On the backs of these are pictured some outstanding event of the year.

The Road to Service

Concrete roads benefit the motorist, the pedestrian and the shipper by being smoother and safer. They eliminate mud holes, improve appearance and inspire community pride. Their permanence means greater service, fewer detours and greatest economy.

Portland Cement, the cheapest of all manufactured products, makes the concrete road possible. It is the one material you should use for every type of construction about the home or farm.

Whatever your problem, the building material dealer can give you an Atlas book which will help you to build wisely and well.

**THE GROWTH OF YOUR
TELEPHONE SERVICE**

IN LESS than five years the cost of the telephone plant in Pennsylvania has increased from ninety-five to a hundred and ninety-five million.

The doubling process has been your own—the public's! Your demand for the service; your investment of the necessary capital.

But mere size, in itself, is of no great importance. It is the increased scope and availability of the service that counts.

The twenty-five million to be spent for plant additions this year would be just a figure if it did not represent over seventy thousand more telephones, and if it did not mean better service as well as more service.

The problems attending great telephone growth are many. Such is the character of the business, wherein no unit is self-contained, but each must be "connectable" with any other on a few seconds' notice, regardless of distance or the hands of the clock.

And that the standards of your service, furnished by the telephone plant you have created, shall be continuously raised, despite the increasing complexities involved, is our principal and continuous purpose.

**THE BELL TELEPHONE COMPANY
OF PENNSYLVANIA**

Prompt Service

COTTER'S MARKET

COURTESY—is one of the Poles of business to which the needle of success always points, attracting trade by its well-bred consideration, its polite affability and its habitual kindness. A courteous man is an agreeable man to get along with, and where people are agreeable it follows that all else, whether business or pleasure, is easier of accomplishment. We should be courteous in all of our actions, all of our dealings, and under all conditions and in every circumstance, for courtesy draws people to us. The salesman who has the best bargain; the snap, the goods which are scarce and hard to obtain, will always present them first to the courteous, friendly, considerate buyer, and the customer whose orders are most valued saves them for the salesman or the house whose spirit of courteous, helpful co-operation remains with him long after the business transaction is forgotten. Courtesy should not be lip courtesy either—when we greet a customer with a Good Morning! it should be a hearty greeting—if we can put our whole being into it; make it sound as though it came from the soles of our feet, it will impress him with our absolute sincerity and win him more thoroughly than by any other method. If we cannot see the wisdom of being courteous for our own good, we must realize that we owe courteous treatment to those who favor us with their trade—that people appreciate it and it makes them well disposed toward us.

Please renew promptly.

Ruth St. Denis, novelty dancer, who is to be a feature performer at the Main Line Music Festival on June 6.

REHEARSALS OF CHORUS FOR FESTIVAL START

Many Men Respond—Ruth St. Denis to Dance.

It's going to be a great affair which the Main Line Music Festival will present on Saturday evening, June 6, outdoors on the Bryn Mawr Polo Field. The male chorus met with such favor last year that the committee in charge of this annual music fete, in aid of the Children's House of the Bryn Mawr Hospital, decided not only to repeat this popular feature but to extend the number to 200 voices.

Last Monday evening rehearsals started off with great enthusiasm. Singers were enrolled from practically every community along the Main Line, and much interest was displayed in the songs distributed, which were not extremely difficult but full of good harmony. Rehearsals will be held each Monday evening at Masonic Hall, Ardmore, at 8 o'clock sharp.

Next Monday evening May 4, will be the last opportunity to apply for membership.

Ruth St. Denis, who will dance at the festival, and Ted Shawn, who have developed the Denishawn School of Dancing, will dance at the festival. Ted Shawn is a dancer of genuine sensation. He tours the Orient and Africa to study new expressions in dancing, different costuming and setting. He is also well known as an author, public speaker and theatrical producer.

Anna Roselle will be the vocal celebrity of the evening. She was formerly with the Metropolitan Opera Company and is now a prima donna soprano of the San Carlo Opera Company. Ciro Deritis, who has a splendid baritone voice, has previously sung on the program of the Main Line Musical Festival and is a recognized favorite.

WHO'LL BE SECOND?

Life Membership Roll Started at Library.

The new Library Association has not yet started and canvass for memberships, but several people have already joined and paid the necessary dues. Life members pay \$25, and that sum was received last week from Mr. James Darville, of Merion avenue. He said that he hoped his name would head the list of life members, and it will. Mr. Darville also volunteered to give the Library \$25 more as soon as 100 annual members at \$1 each had been enrolled. It now seems probable that the Library Association will be in a position to take up Mr. Darville's offer before long because already more than 20 annual memberships have been paid in. The distinction of becoming the second life member is still open to all comers.

Exhibit of School Posters.

The attention of many visitors to the Library has recently been attracted to the interesting and varied display of Bird Day posters, all of which were made by pupils in the Eight-Special Grade of the Narberth Junior High School. The posters which are exhibited in the Library were selected for that purpose by Miss Mildred Jantzen, the art teacher at the school. Members of the Library Staff report that many favorable comments have been heard regarding the feeling for color and line which these posters show, and the ability to group together in one composition the various units needed to make a design. Considerable originality has been shown in these respects and this as well as the lettering used on the posters has deserved the praise offered. The posters will remain on exhibit one week longer and it will pay anyone who has not seen them to come in just for that purpose.

The names of the pupils whose posters are on exhibit at the Library are as follows: William Henderson, of Chestnut avenue; Helga Wohler, of Narbrook Park; E. Hunt, of Price avenue; Helen McCracken, of Merion avenue; Edward Smith, of Narberth avenue; Frederick Bates, of Narberth avenue, and Katharine Smith, of Rockland avenue.

The King's Daughters.

Members are being congratulated on having secured the State convention of the King's Daughters, which is to be held in the Baptist Church on the 19th, 20th and 21st of this month.

As we are proud of our pretty town, and as Narberth is noted for its hospitality, we are sure many homes will be open for the lodging and breakfast of the delegates for these three days.

Dinner and supper will be served at the church each day and if the committee is notified in advance any of our own people can be served with either or both meals. The charge will be \$1 for dinner and 75 cents for supper.

Will any who can entertain one or more delegates please telephone Mrs. F. E. Derby, Narberth 386-R?

Summer Ash Collection.

Street Commissioner George B. Supplee has announced the discontinuance of the winter ash collection schedule.

The summer collection of ashes will be made on the same days as winter collections, and will be as follows:

The collection for May will start on Monday, 25th.

The collection for June will start on Monday, 20th.

The collection for July will start on Monday, 27th.

The collection for August will start on Monday, 24th.

The collection for September will start on Monday, 28th, and then we will go into our winter collection of each week.

Narberth Sale.

William A. McCrea, suburban realtor of Ardmore, Pa., sold for Mr. Walter A. Crowe, Jr., and Dorothy, his wife, property No. 211 Dudley avenue, Narberth, Pa., a semi-detached stone and shingle dwelling, with lot 45x100 feet, to Mr. Lawrence Henderson and Adelaide J., his wife. The property was held for \$11,000.

Convenient to Business.

A good place for a junk dealer's establishment would be almost any grade crossing.

THE FIRESIDE

Mrs. Marshall R. Ford, of Pittsfield, Mass., has been the guest of her son-in-law and daughter, Mr. and Mrs. Harold C. Fenno, of Wynndale Road and Essex avenue.

Miss Helen Keim, daughter of Mr. and Mrs. L. M. Keim, of Narberth avenue, was honored this week by being elected vice president of the Junior Class of the girl students at the University of Pennsylvania.

Mrs. Clarence A. Speakman has returned from a visit to Gratz, Pa.

Mrs. H. M. Kieffer, of the Avon apartments, has returned from an extended visit in Washington, D. C.

Mrs. Oscar H. Evans, of Dudley avenue, is visiting in Boston at the home of her niece, Mrs. Joseph Walker, a former resident of Narberth.

Mr. and Mrs. Roy T. Griffith have moved from Essex avenue to Pittsburgh, Pa.

Dr. Wray H. Hopkins has purchased a new Colonial type home at 738 Mason avenue, Drexel Hill, and will occupy it at once.

The first public appearance of the Main Line Band, led by Fred C. Patten, of Narberth, was made at the Lower Merion High School Thursday afternoon as a part of Boys' Week. There are 65 boys in the band, recently organized.

Twenty-one members of the Narberth League of Women Voters attended the county convention at the Merion Cricket Club Thursday.

Mrs. G. B. Michener, of Elmwood avenue, entertained at cards last Thursday afternoon.

Mrs. C. P. Fowler has returned from Richmond, Va., where she was one of the Pennsylvania State delegates to the National Convention of the League of Women Voters. She motored back, stopping at many points of interest.

The Woman's Foreign Missionary Society of the M. E. Church will meet at the home of Mrs. Charles L. Jenkins, Old Gulf Road, on Monday, May 4, at 2:30 P. M.

Mrs. Edward M. Graham, of Graham Place, near Baltimore, was the guest for several days last week of Mr. and Mrs. John Curtis, of 105 Grayling avenue. Mrs. Graham will be remembered by old opera-goers as the celebrated prima donna of the Mapleson and American Opera Companies, Mme. Louise Natali.

Mr. Carl Faulk and family have moved from the Avon apartments to Montgomery avenue.

Fifty-one contributions, to a total of \$1858.50, have been made to date to the Presbyterian Hospital Fund by the Narberth members of the Narberth Church.

Miss Margaret Fowler is spending the week-end at Lafayette College, where she is the guest of Mr. and Mrs. Daniel Jones, of Wayne.

The family of the late Mrs. Allen E. McGuigan wish to thank her many friends in the community for the kind expressions of sympathy in their recent loss.

The Roll of Honor.

This week the following new names appear on the Honor Roll of the Boy Scout Fund subscribers: T. C. Trotter, Mrs. Bobb Downes and W. R. Parker.

SCHOOL NEWS

Rehearsals of Musical Show Under Way.

Many of the pupils and some of the teachers have recently been vaccinated.

On Tuesday afternoon, April 28, the Sixth A Grade gave an entertainment in assembly. First the meeting was called to order by the president. Then some songs by the class were sung. Next was a pantomime entitled "The Indian Camp," which showed the life of Indians in camp. Then Miss North gave a talk to the mothers about our schools. The second one was a play called "Marjorie's Garden." Marjorie, a little girl, had a garden with some beautiful flowers. The sun was so hot that it threatened to kill them. The good fairy, the South wind and West wind came,

but could do nothing. Then Sun and Rain, two enemies, came on the stage and a battle with darts ensued. Rain was victorious, so the flowers were saved. The costumes were very effective and deserve to be praised. The mothers and some of the grades were present. They all enjoyed the program very much.

On Friday, April 24, the Narberth Junior High School relay team went to vie for honors with many other junior high schools. About 35 pupils went in with Miss Jenkins to see it. Our team lined up in the following way: First runner was Bob Foote, who won his lap; next came John Greenburger, who held his place to the finish of his lap. As John Greenburger passed the baton to John Mulligan, a Lower Merion man passed them. John Mulligan held his pace until the end of the lap, but was barely beaten out for second. Arthur Brooks, our anchor man, then took the baton and pulled up to second, but on the home stretch was passed, pulling in third. Some of the schools against which our school ran were Abington, Lower Merion Junior High, Upper Darby, Lansdowne and Smedly. Everyone seems pleased with winning third place as this is the first year track has been a major sport at Narberth Junior High.

The school's presentation of the musical play, "The Riddle of Isis," will be given on May 15 for the benefit of Musical and Dramatic Clubs. Rehearsals are now under way and show promises to be the biggest and best musical and dramatic effort the school has yet made. Special scenery will be painted by the art classes under the direction of Miss Jantzen. Miss Eames' sewing classes will design and make costumes and selected groups from Miss Church's physical education sections will produce the dances. No one should miss this show. Nothing like it has ever been produced in Narberth.

The cast of characters is as follows:

Isis, daughter of Ra Ella Ross
Pinker, principal of a seminary, Patience Wohler
Seminary Pupils
Rose Betty Robb
Patty Betty Hubbell
Daisy Betty Cook
Reginald, an Egyptologist Harry Messee
Rameses, an ancient king Robert Foote
